Tawangrejo RT02 RW03 Wonodadi Blitar

Hi my name is Abdush Shidqi or you can call me Diqi. I am a graduate of the Department of Informatics Engineering at the Malang State Polytechnic in 2022. I really like things related to design. I have been active in design since 2018. I started by making posters, banners, branding, and others. However, since 2021 I started to focus on developing a career in UI/UX design until now. And now you can contact me for cooperation. Let's do it !!

## Education Level

**Malang State Polytechnic** - **Malang**                                          Aug 2019 - Jul 2022

*Diploma in Information Tehcnology, 3.20/4.00*

- In this campus I am active in organizing and following many communities so that I have a lot of knowledge and experience

**MAN 2 Tulungagung** - **Tulungagung**                                          Aug 2016 - Jul 2019

*High School Diploma in IPA, 8.60/10.00*

- In this campus I am active in organizing and following many communities so that I have a lot of knowledge and experience

## Work Experiences

**Rohis Polinema** - **Malang**                                          Aug 2019 - Jul 2021

*Designer*

An Islamic organization located on the Malang State Polytechnic campus

- I design posters, banners, event logos, and ppt designs
- Here I not only learn about design but also manage time and team

**Alterra Academy** - **Malang**                                          Jan 2022 - Jul 2022

*UI/UX Design Internship*

Alterra Academy is a digital transformation platform for all Indonesians to become the best quality Digital Talents in the Industry today

- I'm here to make various types of UI/UX designs. I work by using the design thinking method. In it there are stages of empathize, define, ideate, prototype, and test. Here I not only learn about design but also manage time and team. Until finally, in my last project, I worked on an application, namely vaccine booking apps. A vaccine ordering application that connects health facilities with candidates to be vaccinated. This application is made for web app and mobile app

## Organisational Experience

**Ikamanda Campus Fair 2021** - **Tulungagung**                                          Jan 2021 - Feb 2021

*Head of Event*

- I am here as the chief executive in charge of commanding the success of activities and managing the team to achieve goals

**Patria Developer** - **Blitar**                                          Jun 2021 - Present

*Designer*

- I work on making designs such as event posters, event logos, and social media designs

**Rohis Polinema** - **Malang**                                          Aug 2019 - Jul 2021

*Head Of Design*

- I design posters,banners,event logos, and ppt designs.
- Here I'm not Only learn about design but also manage time and team.
